Telcordia GR-1089 Protection: LC03-3.3

The only Telcordia GR-1089 compliant surge protection for 10/100/1000 Ethernet:

- 3.3V operation
- Protection from lightning, ESD, CDE
- Low capacitance
- Also ITU and IEC compliant
- SO-8 package protects one line pair

LC03-3.3 Clamping Voltage < 15V During 100A 8 x 20µs Surge

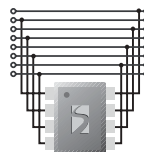

Additional Protection

SRV05-4
Protects four data lines
SOT-23, 6L package

SLVU2.8-4
Protects 4 data lines
SO-8 package

SLVU2.8-8
Protects 8 data lines
SO-8 package

- Complete line of low voltage ethernet protection devices
- Protection from lightning, ESD, CDE
- Low capacitance
- Meets IEC 61000-4-2, 61000-4-4
- Small form factors
