## Semtech® Guidelines for Customer Use of the PerSe™ Trademark and Brand

---

Semtech Corporation has received worldwide recognition for the quality of its products and services to the industry.

The PerSe™ logo **can only be used by Semtech customers on or in connection with products that include a Semtech PerSe™ component**. When the PerSe logo is used appropriately and consistently, it provides a visual expression of the Corporation's commitment to the smart sensing markets.

In the event of any conflict between the guidelines in this document and any other document regarding usage of the PerSe™ logo and PerSe™ mark, this document prevails.

**These guidelines relate solely to use of the PerSe™ logo and PerSe™ mark owned by Semtech Corporation ("Semtech").**

**Semtech's PerSe™ logo and PerSe™ marks may be used by Semtech customers only on or in connection with products that include a Semtech smart sensing component.**

**To learn more or request permission for usage, go to [semtech.com/company/brand-resources](https://semtech.com/company/brand-resources).**

# 1. Overview

## Official Logomark

---

The standard PerSe™ logo is the color logo and the primary logo used in all communications. The PerSe™ logo should always be used in its entirety, never redrawn or recreated in any way and no attempt should ever be made to replicate it. The PerSe™ logo is treated always as a single element. To ensure recognition and

effectiveness, it must be surrounded by open spacing, equivalent to the height and width of the PerSe™ ‘icon’ on all sides in order to prevent the logo from being inadvertently linked with an improper element. No background can interfere with the clarity of the logo (see examples on page 6 of this document).
